The Doctor Will See You Now

Homeowners! Renters! You're invited to join one of the Chapel's most popular "cell groups" — **The House Doctor**.

Take part in a series of 12 free seminars that will interest, inform, and assist the unskilled in home repair, maintenance, safety, and remodeling.

This is *not* a class for contractors! No indeed. The House Doctor is presented to homeowners and renters who don't yet know how to repair wall cracks, stop a leaking toilet, insulate a building, repair a doorbell, remodel a bathroom or kitchen, and so on.

For 12 weeks, each House Doctor evening seminar will include:

- **Topical Talks** See the "Topics Include" list on the reverse.
- **Video Presentations** prepared by ABC-TV as "The House Doctor," developed and coordinated by Warren Camp, the show's technical consultant and Chapel member
- **Literature Handouts** articles, charts, checklists in a binder
- **Question-and-Answer Sessions**
- **Guest Speaker Appearances**
- **Hands-on Applications** Get your hands dirty by wiring, caulking, soldering, taping, staining, etc.
- **Monthly "door prizes"**
